HEROIC DEFENSE

Of Port Arthur Praised by the Czar

DANGER SCENTED IN CHINA

Russia Attributes the Trouble to Japan-Uprising Imminent-The Day's War News.

St. Petersburg, Jan. 14.—The Czar today issued an order to the army in praise of the heroic defense of Port Arthur by General Stoessel and his garrison. He says:

"With a handful of men we withstood the enemy's furious attacks. Brave soldiers and sailors, left not this sorrow discourage you. The enemy is brave and strong, but Russia is great and powerful. We are greatly grieved by the lack of success and painful losses, but I am confident the hour of victory is striking and God will bless our dear army and fleet in our efforts to crush the enemy."

Russian Casualties.

St. Petersburg, Jan. 14.—Russian casualties during the past fortnight have been: Killed, officers, 7; men, 183; wounded, officers, 42; men, 919; missing, 43.

Russians Again Defeated.

They left 62 dead and six wounded on the field. It is believed the casualties exceed 200. Further fighting occurred near Newchwang yesterday in which the Russians were defeated.

Stoessel Looks Well.

May Recall Kuropatkin.

London, Jan. 14.—The Rome correspondent of the Exchange Telegraph company today wires that private telegrams received there from St. Petersburg assert that General Kuropatkin will probably be recalled on account of ill health.

An Uprising Imminent.

St. Petersburg, Jan. 14.—Russia's formal notification to the powers of the imminent danger of a general uprising in China as the result of a Japanese propaganda, which will threaten all foreign interests, coupled with general protest against China's repeated violation of neutrality in connection with Japanese operations, is really a warning to the powers that Russia regards the situation as extremely serious and considers that the time has come for joint action by the powers for the protection of their own interest. For herself, Russia considers that Japan has broken the pledge she made with respect to Secretary Hay's note at the beginning of the war, and further persistence in this course will, she considers, absolve her from further observance and leave her free to act for her own protection.

The present note followed two preliminary warnings addressed to the powers, one in October and the other in November, "neither of which was heeded." It has an entirely different ring, setting forth breaches of Chinese neutrality, including the Ryssheitei case and also the use of the Miaotao islands, belonging to China, as a base for the Japanese fleet; the constant dispatch of contraband from various Chinese ports, the employment of Chinese soldiers in the Japanese army, and the hiring of Chinese bandits to attack the Russian communications. Should General Ma or any Chinese troops now move, Russia will feel free herself to cross the Liao river into the neutral zone. As for the powers, Russia believes the situation has become serious owing to stimulus given anti-foreign agitation in China by the fall of Port Arthur.

In diplomatic circles considerable importance is attached to the note, and in the general opinion it is deemed to induce Secretary Hay to initiate steps to bring joint pressure to bear in order to prevent the extension of the zone of hostilities and to compel China to adopt drastic measures against the present agitation in the interior of that empire.

Distinction Court For China.

Washington, Jan. 14.—The president transmitted to the senate a recommen-

dation from the secretary of state for the establishment of a district court of the United States for China and Korea, together with bills intended to carry the recommendation into effect. The president makes no recommendation. The letter of Secretary Hay says the present consular courts are inadequate. He says that even if the consular officers were trained lawyers they would not have time to devote to the legal questions which come before them. The court is to hold sessions at Shanghai, Canton, Tien Tsin and Seoul and at other places that may be designated from time to time.

No Jap Warships Sighted.

Port Louis, Mauritius, Jan. 14.—It is denied that any Japanese cruisers have been sighted off Cape Amber, but it is rumored that a warship was recently sighted off the west coast of Mauritius. The Messageries Maritimes steamer Iraoudady, which sailed from Marseilles Dec. 10 for Madagascar, has landed 4,500 packages at Nosse Be Island for the Russian squadron. The Russian auxiliary cruiser Kuban, carrying 510 men and eight guns, arrived at Diego Suarez bay.

Takes the Blame.

Tokyo, Jan. 14.—It is announced here that General Stoessel in bidding farewell to the Russian troops at Port Arthur, thanked the officers and men for the heroic defense and said he considered the Japanese terms were the best it was possible to have offered. He added that he would take all the blame for premature surrender of the fortress.

JAPS CHASE AMERICAN CRUISER CINCINNATI

San Francisco, Jan. 14.—The American cruiser Cincinnati was chased by a Japanese torpedo boat destroyer recently while in Asiatic waters. Surgeon L. S. VonVedekind of Cincinnati, who arrived yesterday told of the exciting incident. While the Cincinnati was cruising off Japan, a torpedo boat destroyer hove in sight. Though the stars and stripes were flying the Japanese vessel steamed after her. The officers of the American warship ordered a 5-inch gun ready for action. The Japanese destroyer later turned back.

BUSINESS CONDITION

New York, Jan. 14.—R. G. Dun & Company's weekly review of trade says: Erratic weather produces irregularity in retail distribution of merchandise at many points and southern business is quiet because of the depression in cotton, but the general outlook is considered very bright. Manufacturers report that confidence is warranted by the number of new orders, while deliveries on old contracts are of satisfactory volume. The best news comes from the iron and steel industry, while footwear factories are busy. Woolen mills in exceptionally good condition and activity is assured among cotton spinners as soon as the raw material market becomes settled. Failures for January thus far compare very favorably with last year's returns. Railway earnings increased 5.5 per cent over those of 1904, and foreign commerce at this port for the last week shows a gain of \$6,151,557 in imports and a loss of only \$81,155 in exports.

Robbers Made Their Escape.

PANAMA CANAL

President Sends Message to Congress

ASKING GREATER DISCRETION

Seeks Control of the Commission—The Leading Features of the Message.

Washington, Jan. 14.—In a brief message, transmitting to congress the first annual report of the Panama canal commission, together with a letter from Secretary Taft relating to Panama affairs, President Roosevelt recommends that he be given greater discretion, as he is charged with the responsibility of constructing the canal. The board of canal commissioners, he says, should be reduced to five or, preferably, three members, whose duties, powers and salaries should be assigned by the president. The president, among other things, says: "I concur with secretary of war in the view that the present provision of law, by which the work of building the canal has to be done only through a body of seven members, is ineffectual and clumsy, and I earnestly recommend a change so that the president, who is charged with the responsibility of building the canal, may exercise greater discretion in the organization of the personnel through whom he is to discharge this duty. The commission should consist of five or, preferably, of three members, whose respective duties, powers and salaries should be assigned to them by the president and who should be placed under the member of the cabinet whom the president desires. Of these men the one appointed as administrator of the canal strip should also serve as minister to Panama."

In his letter, Secretary Taft says the commission has done a great deal of the work of organization, sanitation and preparation to build the canal. Decided progress has been made in the verification of the data obtained by the French engineers, and in procuring new data necessary to enable the engineers of the commission to determine the proper plan for the canal. The secretary expresses the opinion that it may be necessary to increase from 10 to 15 per cent the rate of duty that may be collected by Panama on goods destined for the canal zone, and points out that the monopoly now existing on tobacco will expire in 1906 and will not be renewed, so that that market will be open to the United States. He says that the question of labor is not free from difficulty, and it will not be easy to secure all the Jamaica laborers required, as the governor of Jamaica is unwilling to consent to the commission's taking 10,000 laborers except upon a bond of five pounds sterling for each laborer to protect the Jamaican government against the maintenance under the poor laws of the families left behind. Offers have been made to supply on trial 10,000 Chinamen and a similar number of Japanese coolies.

DENIES CHARGE

Lawyer for Miami and Erie Stockholders Talks

WAS NO INTENTION TO CHEAT

Mr. Squire Claims There Was Nothing Sensational in Johnsons' Action at Cleveland.

Cleveland, O., Jan. 14.—A telegram to The Advocate yesterday, told of the sensational charges made in a cross-petition filed by T. H. Johnson in the Miami and Erie Canal Transportation case.

Andrew Squire, attorney for the stockholders of the Miami and Erie Canal Transportation company said, with reference to the suit brought by Mr. Johnson: "There is absolutely nothing sensational in Mr. Johnson's action. If a lawsuit is wanted, we can accommodate them on that score. Anyone can bring a lawsuit. Much can be explained, however, by the fact that Mr. Johnson owns \$5,000 worth of bonds of the Miami and Erie Canal Transportation company. The charge that the men named in the petition intended to defraud or cheat any one is unbecoming. No one believes for a moment that there was any intention to defraud or cheat. The men named in the petition went into the canal's affairs as a business proposition. They expected to make money as a matter of course. It is of interest to know that most of the men named still retain all their stock in the canal company. A few have sold part of their stock and others have sold all of it. There has been no attempt made towards a general unloading to defraud other stockholders. A reorganization, has been in contemplation for some time; I believe it will be carried out."

NO DISCRIMINATION

Says the President Among Powers Signing the New Arbitration Treaties.

Washington, Jan. 14.—The senate made public the letter of the president to the senate regarding the arbitration treaties. In this letter the president says in part: "These conventions do not go so far as I could wish in scope and object, but they form, taken together, a very important step in the progress of the world toward a policy of peaceful solution of such differences as cannot conveniently be settled by diplomatic negotiation. No discrimination has been made among the powers signatory to The Hague convention who have desired to enter into these friendly relations, and it would be undesirable from the standpoint of what this government is striving to accomplish to make any such discrimination. I should not willingly exchange ratifications with any of the powers unless the series of conventions as a whole should meet with the favorable consideration of the senate."

MOVE AGAINST PLATT

Postal League Would Oust New Yorker From the United States Senate.

NEW YORK, JAN. 14.—At the meeting of the Postal Progress league in Cooper Union, Chairman Post of Battle Creek, Mich., said he has prepared papers and will ask the United States supreme court for a restraining order to prevent Senator Thomas C. Platt from taking his seat. He said he would take this action on the ground that Senator Platt subverts the interests of the people he has sworn to represent in the interests of a corporation he really represents. The matter relates to the parcels post.

Mr. Post said: "Senator T. C. Platt of New York, is president of the United Express company. Word was passed around to other senators that no definite action should be taken on the post check money bill. Senator Platt was approached by my representatives to know his attitude on the question and he clearly defined the fact that he was opposed to the measure because it was contrary to the interests of the express company."

WOMAN HANGS HERSELF

Miss Malissa Hancock, Despondent Because of Ill Health, Committed Suicide in Hubbard Home Near Appleton Friday Afternoon.

Miss Malissa Hancock, aged 54 years, was found dead in her room late Friday afternoon at the home of Mrs. John Hubbard, near Appleton. Miss Hancock, for many years had lived alone and for the last few years she had been in poor health. She was finally taken to the home of a friend, Mrs. John Hubbard, near Appleton.

On Friday about noon she disappeared and nothing was suspected by the family until an hour or more later when the Hubbard family missed Miss Hancock, and a search was at once commenced. On going to the bedroom of Miss Hancock she was found by Mrs. Hubbard hanging from the end of a rope, cold in death. She had tied a rope about her neck and the other end of the rope was then made fast to the bed-post, from which she hung in the air until her life was gone.

The only cause for her actions that can be given is that Miss Hancock was melancholy from the strain of her long illness.

The deceased leaves two brothers, William, of Sylvania, O., and Robert C., of Missouri, to mourn her death. The funeral arrangements have not yet been completed.

IN COMMON PLEAS

WARNER — LINGAFELTER SUIT TRIED SATURDAY.

The Attorneys Will Submit Briefs and the Decision of the Court Was Reserved.

The case of the Henry C. Werner company vs. James F. Lingafelter was tried to the court Saturday. The action was brought to recover on a bill of goods sold to the Park Shoe company, amounting to \$5714. James H. Richardson purchased the stock of goods at Receiver's sale from Wm. E. Miller, receiver, and it is claimed that the Newark Savings Bank company furnished \$2,300 in cash to purchase the stock, and at the same time took an assignment of the store. The plaintiff claims that in fact the Newark Savings Bank company was the owner of the store and was responsible for the bill of goods sold by the Werner company. The defendant claims that when the goods were purchased Richardson was the owner and proprietor of the store and was responsible for it, and that neither the bank nor Lingafelter had any interest in the goods at the time the goods were purchased. James F. Lingafelter was on the witness stand and testified in reference to the matter and the books of the Savings Bank company were brought into court and introduced in evidence.

The attorneys will submit briefs and decision was reserved. E. N. Huggins, Columbus, Fulton & Fulton; Kibler & Kibler, Stasel, Swartz.

E. S. Randolph attorney for the defendant.

In the case of Edward Umstetter and others, doing business in the name of the American Liquidation company against the Newark Savings Bank company and others, a demurrer to the petition of the plaintiff has been filed by George P. Webb, for the reason that it does not state facts sufficient to constitute a cause of action against him and in favor of the plaintiff.

In the case of William H. Owens against J. N. Alltop, the plaintiff denies each and every allegation contained in the defendant's cross petition and says each and all of them are untrue, and asks judgment as prayed for.

Circuit Court Decision.
The Circuit court has passed upon the case of The Edward H. Everett Company vs. The Bennington Oil and Gas company. Mr. Henry Cary Baird, a leading Pennsylvania politician, who plumes himself as a noted writer on economic questions, writes to Senator Lodge of Massachusetts, making an assault on President Roosevelt for his tariff views. He alleges that "Roosevelt was elected under false pretenses and betrayal has followed quickly." Furthermore, he believes that Roosevelt is a "freetrader" and says "he could not help it, for he was educated at a college." Now, if there is anything a genuine Pennsylvania Republican high protectionist abhors it is the man who possesses a college education. From the late Simon Cameron down, the average Pennsylvania advocate of high tariff robbery never had any use for "them literary fellows."

If it is true that France has made representations to Russia of the desirability of the latter making peace and of her willingness to mediate, the effect upon the government of the Czar cannot be but considerable. France is Russia's closest ally and friend, and the advice of her government would have the greatest weight with that of Russia. The republic has a great interest in seeing that the prestige of Russia in Europe does not suffer, and if the French statesmen are convinced that peace ought to be considered it will be hard for those of Russia to persist in their irrevocable attitude. The internal condition of Russia is so disturbed and there is such great dissatisfaction among the people over the war that the sentiment for peace is steadily growing. This sentiment would be greatly increased if it were known that Russia's one ally desired to see an end to hostilities.

AN INDIAN BOY

At the Rosebud Agency, in South Dakota, Writes Letter to Mrs. Jane Hirst.

Mrs. James Hirst of this city has received a letter from Joseph Walker, a young Indian of the Rosebud Agency, South Dakota. The letter in part follows:

St. Francis Mission
Rosebud Agency, S. D.
December 12, 1904

Mrs. Jane Hirst:

My Dear Friend.—Perhaps a few lines from St. Francis Mission will add to your pleasure during these long winter evenings. All the Indian boys wish you a Merry Christmas and a Happy New Year, and I do too. I am Joseph Walker, an Indian boy, 19 years old. There are 115 boys here and 149 girls. We are good and hungry too, every meal. The fathers, brothers and sisters are very good to us and give us plenty to eat. We like to live in the Mission. Thanksgiving day we had a play. It was called "The Magic Wand." We had a big dinner, too. Mike One Star, Louis White Wing, Tom One Dog, Willie Groux and Henry Emery are stable boys. They feed the horses and cattle. We have all new boys in the bakery this year. That is, it is their first year at this trade. George Old Dog is one, Agatha Cane Widow is two and Tom Wright is three. Brother Hunderhofer, the shoemaker, also has a number of boys to assist him. They are Edmond Bear Dog, Willie Yellow Elk and two or three more. We also help him fix up the road. We went down into the canyon which is within almost a stone's throw of the Mission, and got some of the young pine trees that grow there, and he planted them in a little park. It looks like summer-time there.

Thursday, December 8, was the feast of the Immaculate Conception. The boys gave a fine play, the "Madonna," at 7:30 o'clock. They also sang a beautiful new Blessed Virgin song, which was composed by a Jesuit Father.

When you come to see us I will show you how I can ride a pony and write and draw and sing. Do you like to ride horses? Three little boys like their mother this week. Their names are Antone James and Joe Black Spotted Horse. They feel very bad. Did you ever see a prairie funeral? Last October Augustine Scout, a fairer boy of the Mission, who had consumption, tented with his parents a few rods from here. After a few days, however, he grew worse and died, and his brothers, sisters and the children went to see his corpse. Their tent was a beautiful one. Painted upon it were fine horses, the sun, moon and stars. Augustine lay in on a bedstead—a rare thing to see in a tent. The corpse was dressed in fine furs adorned with looking glasses, buttons, etc. and his face was painted a reddish yellow. Over him was spread fine smelling herbs. On the top of his bedstead hung his personal property, consisting of coats, hats, handkerchiefs and other articles, which were given away after the burial, as is customary. The father sat near him, smoking his pipe. The brother sat on the bed crying, and his mother and sisters sat on the ground giving the death cry. However, when the sisters or brothers prayed, all was silent. As soon as a brother could make a coffin, which took a day, the dead man was taken to church in a wagon. After mass all the children, some sisters and brothers went in procession to the graveyard. Here we left our schoolmates to meet again only on the great judgment day.

Dear Mrs. Hirst, the sisters say you are a very good woman to them. Now dear friend, we wish you again a Merry Merry Christmas and Happy New Year.

Your Indian Friend,
JOSEPH WALKER.

"I would like to have that fish," said one of the men, "but he won't bite at any of my lures."

"I'll get him for you," replied an old fisherman, as he picked up a stout stick from the bottom of the boat.

Then the very next time that the swordfish darted into the air the old fisherman reached over and dealt him a hard blow with the stick, and Mr. Fish fell into the boat with his senses knocked out.

THE OVERCONFIDENT FISH

"Of all the fish in all the sea there's none so very smart as me," sang the swordfish.

"Well, I'm smart, anyway," declared the swordfish. "I shall never be caught by any of these fishermen with a funny little worm on a hook. I'm too smart for that."

An Animal Story For Little Folks

The Tree Climbing Camel

Charles Henry Camel was one of the most progressive animals in all the realm of the king of beasts. He was not satisfied to accept things as he found them, but constantly aimed to put himself in a better position. And this is a very commendable trait at most times.

So when Charles Henry heard that the circus parade was going to pass his way he decided that he would climb a tree and view the long line of cages and the brass bands which would be in the procession from this elevated standpoint. He had never climbed a tree, but he thought if others could he could too.

Therefore when the first blast of trumpets was heard afar off he set his

ON THE WAY TO THE CIRCUS PARADE.

forefeet against a sycamore and tried to draw himself up into the branches.

His feet slipped, and as a reward he received a sound bump on the nose.

He tried again and got another bump. All this time the sound of music and of rumbling cages grew nearer, and Charles Henry made a mighty effort and succeeded in drawing himself about half way to a lower limb.

Then came the parade, and Charles Henry, who only kept his position with the greatest effort, gazed down in satisfaction. But as the second band passed the poor old camel found he could hold on no longer, and down he dropped.

Boom, boom, kerplunk! He went square into the middle of the big bass drum. And then you may be sure there was trouble. Poor Charles Henry was set upon by the whole circus and was beaten and belad until he was black and blue.—Worcester Post.

An Animal Story For Little Folks

The Overconfident Fish

"Of all the fish in all the sea there's none so very smart as me," sang the swordfish.

"If you were really as smart as you think you are, you would sing, 'Of all the fish beneath the sky there's none so very smart as I,'" declared the mud dabbler. "Your grammar isn't very good."

"Well, I'm smart, anyway," declared the swordfish. "I shall never be caught by any of these fishermen with a funny little worm on a hook. I'm too smart for that."

And then he went darting around beneath the boats of the fishermen who had come out from the shore with their hooks and lines and nets to catch fish.

Every now and then the swordfish would go to the surface of the water

and show himself to the men and let them know what a beautiful fish there was that they could not catch. He went as near the boats as he could, too, so everybody could have a good view of him.

"I would like to have that fish," said one of the men, "but he won't bite at any of my lures."

"I'll get him for you," replied an old fisherman, as he picked up a stout stick from the bottom of the boat.

Then the very next time that the swordfish darted into the air the old fisherman reached over and dealt him a hard blow with the stick, and Mr. Fish fell into the boat with his senses knocked out.

Moral—There's more than one way to catch a fish.—Detroit Journal.

CHARITY HOSPITALS AND NURSES

RELY ON PE-RU-NA TO CURE COUGHS, COLDS, GRIP, CATARRH.

Charitable Institutions All

Over the United States and Canada are Curing their Patients of Catarrhal Ailments With Pe-ru-na.

A Letter From Detroit.

Dr. S. B. Hartman, Columbus, Ohio:

Dear Sir:—The young girl who used the Peruna was suffering from laryngitis, and loss of voice. The result of the treatment was most satisfactory. She found great relief, and after further use of the medicine we hope to be able to say she is entirely cured.—Sisters of Charity.

This young girl was under the care of the Sisters of Charity and used Peruna for catarrh of the throat, with good results as the above letter testifies.

Pe-ru-na of Great Service.

Another recommendation from a Catholic institution in one of the Central States reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."—Sister Superior.

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States and Canada.

The names and addresses have been withheld from respect to the Sisters, but will be furnished upon request.

WONDERFUL RESULTS
EXPERIENCED—PE-RU-NA A
FAVORITE MEDICINE.

From a Catholic institution in Ohio comes the following recommendation from the Sister Superior:

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character.

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."—Sister Superior.

In every country of the civilized world the Sisters of Charity are known. Not only do they minister to the spiritual and intellectual needs of those with whom they come in contact, but they minister to their bodily needs.

They are as skilled as trained nurses in their treatment of diseases and are looked upon as messengers of good cheer by countless patient sufferers.

Praise From Canada.

Another prominent Canadian institution writes:

"We are happy to tell you that Peruna has given us satisfaction.

"Three patients have tried it, one sixty-eight years old, Renout Dapuis, afflicted with catarrh, is much relieved, more than he has been for a number of years.

"A young girl, fifteen years old, had an obstinate cough, which half a bottle of Peruna caused to disappear.

"As to myself, two bottles have convinced me that Peruna is magnificent as a tonic. Before the treatment I could not walk for a quarter of an hour without experiencing much fatigue. Now I can walk a mile easily.

"Through these three cases we desire to make known to the public the efficiency of your remedy."

Another letter received from the same institution reads as follows:

"Three weeks ago I wrote to tell you how satisfactory we found Peruna. We recommend it highly for colds, coughs, catarrh and neuralgia.

"I have used it myself as a tonic with the best results, taken as directed half a teaspoonful every half hour."

A remedy that would act immediately upon the congested mucous membrane, restoring it to its normal state, would consequently cure all these diseases.

Pe-ru-na Contains No Narcotics.

One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually

The management of the local Y. M. C. A. takes great pleasure in announcing to the Newark public the coming of Mrs. Mabel Conklin, the famous White Cross lecturer of New York, for a series of ten lectures, beginning next Tuesday evening, January 24. Her lectures are of such a wide range and touch life so vitally, that all classes, young and old, become deeply interested.

The afternoon lectures will be given in the different church parlors and will be for women, her evening lectures in Taylor hall at the Y. M. C. A., and these will be for the general public. Wherever Mrs. Conklin gives this series of addresses she makes a profound impression. "Her lectures tremble with instruction, and moral power." "Her presence is a benediction to any community."

GOSPEL

It is gospel truth to say that no disease, such as rheumatism, neuralgia, biliousness, colic, cold, sore throat, backache, tooth, head troubles, skin eruptions, and all these caused by local inflammation, can be so quickly, safely and surely cured as by the use of Hamlin's Viozol Oil.

It is right, even in the most serious and blood-poisoned of the affected tissues, where the trouble is and gently soothes and coaxes them back to health.

For all pain, chronic and acute, it is a remarkable remedy, and has no equal in safety and effectiveness in the medical world. Try it, and you will be convinced. For sale and recommended by WILKESMAN DRUG CO.

FAMOUS ORATOR

Rev. D. J. Stafford Lectures at Granville February 14--Many From Newark to Hear Him.

There has been considerable inquiry as to the date when the Rev. D. J. Stafford is to lecture at Granville. The lecture committee announces that the date is the 14th of February. The subject has not been definitely chosen as yet, but will be duly announced in a short time. Dr. Stafford is unquestionably one of the most eloquent orators in America, and the Granville opera house ought to be taxed to the full extent of its seating capacity when he appears. There has been some talk of securing a special interurban car for the many who will doubtless wish to go up from Newark.

Stomach Troubles and Constipation. "Chamberlain's Stomach and Liver Tablets are the best thing for stomach troubles and constipation I have ever sold," says J. R. Chulman, a druggist of Pottsville, Mich. They are easy to take and always give satisfaction. I tell my customers to try them and if not satisfactory to come back and get their money, but have never had a complaint." For sale by all druggists.

WET OR DRY

HEBRON TO DECIDE QUESTION NEXT THURSDAY.

Both Sides Express Confidence in the Result--There are 160 Votes in Town.

The wet or dry question will be decided in the village of Hebron next Thursday, January 19. There are two saloons in the village of Hebron and the voters of the town will determine on Thursday whether the saloons shall stay or go. A special election will be held and both sides express confidence in the result.

One interest in the movement of the proposition is said to be the fact that the saloons in the village of Hebron are the only ones in the town which are not licensed. The voters of the town will determine on Thursday whether the saloons shall stay or go. A special election will be held and both sides express confidence in the result.

NITROGLYCERINE

Carted From Marietta to Licking County For Use In Gas Field—Drivers Get Good Pay.

Zanesville, O., Jan. 14.—Two wagons filled with the highly explosive nitroglycerine, passed through the center of the city last evening. No accidents occurred. In the past many weeks several wagons filled with the high explosive have passed through the very heart of Zanesville and Newark to the gas and oil territory.

The two wagons were en route to the oil fields, but recently opened, in Licking county. The trip overland had been made from Marietta, the nitroglycerine being conveyed to that city by boat on the Ohio river. The explosive is manufactured in western Pennsylvania.

Because of the late ordinance passed by council, the drivers waited at the southern edge of the city yesterday afternoon, until after 10 o'clock at night. Heretofore the wagon passed through the city at any hour during the day, great chances being taken by those pedestrians who little know what the wagons contained.

Drivers of these wagons filled with the deadly nitroglycerine, are said to receive a goodly compensation.

Y. M. C. A. DEBT OF \$12,000

Determined Effort Will be Made to Remove Burden from the Newark Association by March 1st—Meeting of Representative Men Held Friday Evening.

The Young Men's Christian Association of this city will make an effort to cancel its debt of \$12,000 by March 1. At a meeting of prominent men of the city held in the association building Friday night plans of taking up the work under the direction of Mr. Williams, who has met with success in Columbus, Hamilton, Canton, and other Ohio cities, were discussed and those interested in the welfare of the association expressed a determination to carry the work to a successful conclusion.

When the \$50,000 building that stands at the corner of Third and Church streets, was completed six years ago, there remained a debt of \$12,000. This was met by issuing 1 per cent bonds. Owing to failure of some of the subscribers to meet their subscriptions and to the fact that the subscription list fell short of the required amount, the present total debt amounts to \$12,000, including the amount due on bonds.

The Association has a large and growing membership and is regarded as one of the most flourishing institutions of the kind in the state. A. A. Ebersole is backed by a splendid board of directors and these men are determined to place the Newark association on a sure financial basis free from debt.

A decidedly important meeting of the business men of the city was held at the Young Men's Christian Association Friday evening in response to a call on the part of the Association for a conference on an important business matter. The discussion was spirited and interesting. The decision was hearty and unanimous and much was accomplished in the line of this worthy institution.

President of the association, Dr. J. A. Mitchell, presided, and in calling the meeting to order he pointed out the fact that the Y. M. C. A. of this city has been so successful in its work that it is now in a position to take up the work of the Y. M. C. A. of other cities. He pointed out the fact that the Y. M. C. A. of this city has been so successful in its work that it is now in a position to take up the work of the Y. M. C. A. of other cities.

expenses for the next fiscal year, the association needs \$10,000. On the other side the showing disclosed \$4,000 of unpaid subscriptions, which are considered good. These deducted would leave \$12,000 to be secured in new pledges to put the association in good financial shape.

Dr. Mitchell then stated that before his death Mr. Benjamin Franklin had offered to give \$10,000 toward this debt. He further stated that Mrs. Franklin had now very generously renewed the offer and stood ready to give this amount provided the balance could be secured by March 1st, 1935. He then said that the directors felt that it was a very important matter and asked for a free discussion and expression of opinion.

After a very full and frank discussion as to ways and means it was moved and carried unanimously that it was the sense of the meeting that a prompt and earnest endeavor be made to raise the required amount in subscriptions from our citizens by the time named.

Each man present indicated his willingness to help on the solicitation and a committee was appointed to sign names for the work.

The meeting adjourned to meet again next Friday evening for reports of progress. This was a very important meeting which promises to be of great value to our city in that it will place us in a position to take up the work of our Y. M. C. A. in a far better position than it ever has been to do its much needed and appreciated work.

The plaintiff says that at the time of their marriage she was engaged in the business of selling merchandise in Newark, the business amounting to \$75 per week. She says that the defendant took and converted to his own use the money thus derived, part of which he deposited in a savings bank in Newark, and part of which he collected from her debtors; and he drew the money from the bank and converted it to his own use and then abandoned her and absconded from the city. She says defendant is the owner of diamonds, jewelry and bonds amounting to \$10,000, and that he is also the owner of property in Pickway county. She asks for divorce and alimony and that the defendant be enjoined from disposing of his property or incurring the same. She also charges the defendant with adultery with women in Columbus. No. 2807 Locust Street, St. Louis, Mo., March 29, 1933.

I was a victim of sleeplessness and extreme nervousness for eighteen months, unable to get a proper night's rest and feeling tired and worn out continually. I was easily irritated and hysterical at the slightest provocation, but Wine of Cardui gave me great relief. Within a week after I began taking Wine of Cardui, my general system toned up and nervousness became a thing of the past.

I am so pleased to acknowledge the great curative merit of your health giving medicine and gladly endorse it.

Her restlessness was caused by nervousness and Wine of Cardui, as the best menstrual regulator, has no superior in the world as a medicine to soothe a woman's nerves. Nervousness and hysteria are warnings of the approach of insanity and if relief is not secured the end can only be the asylum or the grave. With such an outlook as this before her, no suffering woman can truly refuse to give Wine of Cardui a trial. It brings a cure that thousands of women have sought for in vain.
